

OFFERINGS FROM NATIONAL PARTS DEPOT**SHAKER AIR CLEANER BASE PLUG**

This hard-to-find part is now available in an exact reproduction. Details are duplicated on both the front and back of the plug. Molded in the correct color, the base plug is Concours correct.

- Part #9P608-1A fits 1970 Mustangs with Shaker Ram-Air (Boss 302, 352, and 428) without California emissions. Priced at \$12.95.

CLUTCH PEDAL BUMPERS

Each of these bumpers are made from original blueprints and exactly match the originals, not a one-size-fits-all. NPD's bumpers have the correct dimensional differences and molded colors unique to each model year.

- Part #7583-4A fits a 1969 Mustang, is reddish brown in color and retails for \$14.95.
- Part #7583-5A fits a 1970 Mustang, retails for \$1.50. (Note: this part will work on a '69 but is not correct.)

PERFORMANCE AUTOMATIC

Starting in 2005, Mustangs came equipped with the 5R55S transmission. Fully computerized, with five speeds and a compact one piece design, this transmission has proven to be a tough little unit. Performance Automatic has stepped it up a notch with some high-performance tricks that make it better.

High performance clutches and bands along with several hydraulic circuit modifications make the 5R55S a blast to drive.

Thanks to Performance Automatic's Pro Fit bellhousing system, anyone can bolt in this transmission behind a 5.0! Great for street rods with limited space or retrofitting a 5.0 into the 2005 and up chassis.

Now available with a stand alone computer system. Great for Street Rods and Muscle cars!

1967-1973 TIMING CHAIN COVER

California Pony Cars offers a timing chain cover for all late 1967-'73 Ford Mustangs, Falcons, Fairlanes, Galaxies, Mercury Cougars, Comets and many other Ford product applications with 289 – 302 cu. in. engines with a "bolt on" timing pointer. Manufactured in the U.S.A. by California Pony Cars of the highest quality die cast aluminum using a superior technique, this cover is not prone to premature failure, such as that caused by leakage of coolant around the water passages, the way many OEM covers fail. This part has been faithfully reproduced and will pass all concours judging.

The special features are a machined dip stick tube hole (Plug included), Crankshaft seal installs from front side (Seal not included) and Clears crankshaft mounted oil slinger used on early engines. Precision-machined to factory specifications.

• **Part #D30z-8592-A, retails for \$129.95.**

EXHAUST FOR 2011 V6 & V8 MUSTANG

A line of exhaust systems is available from CORSA for the 2011 Ford Mustang, both V8 and V6 engines.

The axle-back exhaust systems feature a dual rear exit design with 4-inch Pro-Series tips etched with the CORSA logo. Engineered using the company's patented Reflective Sound Cancellation™ RSC™ technology, the new exhaust systems deliver a muscular sound with no unwanted interior drone.

- **Part #14316, Sport Exhaust System has a bold and robust sound on the throttle.**
- **Part #14317, Xtreme Exhaust System produces a louder, more aggressive note.**

To hear CORSA's Mustang Xtreme Exhaust System in action, visit <http://www.youtube.com/corsaperformance>.

CORSA's 5.0L systems are 18-lbs. lighter than stock and deliver a 153% increase in flow, which results in a performance gain of 7hp and 4 lb-ft of torque.

Corsa has also developed an XO-Pipe Part #14318 that adds 3 horsepower to the Sport and Xtreme systems. In addition to the GT 5.0L exhaust, CORSA offers a Sport Exhaust System for the V6 Mustang.

Complete installation hardware and instructions are included with the 2011 Mustang exhaust systems and a Limited Lifetime Warranty protects the exhaust for the entire life of the vehicle. The exhaust systems are crafted in the USA from premium stainless steel, and all tips are double wall, highly polished stainless steel laser etched with the CORSA logo.
