

Branson Mustang Rally 2011

Benefitting the children of The Little Light House

A Christian Developmental Center for Children and Infants with Special Needs

Branson Missouri live music capital of America, and Green Country Classic Mustang of Tulsa, cordially invite you and yours to the second annual Little Light House Mustang Rally for children with special needs. During the past few years Green Country Classic Mustangs has been a proud sponsor of the Little Light House and the wonderful help and hope given to the special needs children.

Our second annual Mustang Rally will follow the same format as the first. The Rally is not about trophies, best mustangs or who has the cleanest car, it is about children with special needs and for us to share our experiences with other mustang club members. All proceeds will be for those little Mustangers who may never take their next step without our help.

We have invited a few Little Light House children to be our guest for the Rally weekend. Come join us and share a very special few days with some very special guest and new Mustang friends. Together we can make a difference for those who depend on the Little Light House for spiritual and physical assistance.

Register before May 18th for the discounted rate!
Special room rates available.
