

**WHEEL POLISHING KIT**

Keeping your Mustang's wheels clean and bright adds to the beauty of your Steed. If you have uncoated, polished or chrome metal wheels, then you know how hard it can be to keep them looking their best. Meguiar's designed its all-new Wheel Polishing Kit with DynaCone™ Polisher tool to clean and brighten any uncoated metal wheel with ease.

Meguiar's patented diamond-shaped DynaCone™ Polisher is extremely durable and allows consumers to reach difficult spots in complex wheel designs without tearing or destroying the foam tool. You provide the drill and Meguiar's provides the rest. Included with the DynaCone™ in Meguiar's Wheel Polishing Kit is:

- **All Metal Wheel Polish quickly removes oxidation and defect without scratching.**
- **Foam Pad Cleaner safely cleans all the black polishing residue from the DynaCone™ so that it's like-new for every application.**

Meguiar's Wheel Polishing Kit eliminates the guesswork and provides you with all you need to achieve a mirror-like shine, making it a truly Brilliant Solution™.

Look for Meguiar's Wheel Polishing Kit at your favorite auto parts store.

**2010-2011 ROUSH® BILLET GRILLE**

Upgrade the styling and function of your 2010-2011 Mustang with the ROUSH® 7 Bar Upper Billet Grille, available from Late Model Restoration. This billet grille replaces the stock grille (removing the stock fog lamps) and adds a sleek styling element to the front of your 2010-2011 Mustang. Not only does this ROUSH® grille look great, it also increases air flow to the radiator over the stock grille.

- **Priced at \$234.99, the grille is part # RSH-404473. LRS is an official Roush dealer!**

**SYNTHETIC POWER STEERING FLUID**

Flaming River introduces Synthetic Power Steering Fluid, formulated for high-performance steering systems. This newly developed line of Synthetic Power Steering fluid is a natural addition to Flaming River's Power Rack and Pinions and Power Steering Accessory line.

Available in one-quart bottles, Flaming River's power steering fluid reduces operating temperatures and fluid expansion, resists foaming, and increases the life of power steering systems by reducing internal wear and tear.

Flaming River's Synthetic Power Steering Fluid is recommended for all power steering applications. Simply purge the vehicle of its current power steering fluid and replace with Flaming River's unique blend that easily mixes with any trace amounts of other steering fluid left behind.

- **Suggested retail \$14.50, Flaming River's Synthetic Power Steering Fluid is available from your favorite speed shop.**

**1979-1993 MUSTANG RADIATOR AIR DEFLECTOR**

Don't overlook a key part of your 1979-'93 Mustang's Cooling System! The factory air dam/air deflector directs air to your radiator and without it your car loses some of its effectiveness. UPR now offers an Aluminum replacement Radiator Air Deflector that will hold up at speed better than the stock plastic piece, which can flex. It attaches to the factory radiator support with no drilling required.

Precision-cut for a perfect fit and designed for a bolt-in installation, which takes 15 minutes or less, and uses factory hardware. Made in the USA!

- **Part # 4500-01 retails for \$39.99.**

**VIRGINIA CLASSIC MUSTANG  
3-D MUSTANG WALL SHELVES**

Display your collectibles on these cool classic Mustang car shelves. Cast from resin, these accurately detailed sculptures are topped with tempered glass shelves. They are a great way to add a touch of nostalgia to any room, and the perfect way to display other collectibles.

- *Sized at 20.07 inches x 6.10 inches, by 7.68 inches, the shelves are available in three styles and are priced at \$69.96 each.*
- *1965 Mustang (front view) Part # AC-341*
- *1965 Mustang (rear view) Part # AC-342*
- *1965 Shelby GT350 (front view) Part # AC-343*

**RACE STYLE LAP SEAT  
BELT ASSEMBLIES**

Virginia Classic Mustang announced the availability of affordably priced 3-inch Race Style Lap Seat Belt Assemblies.

Get that Cool Vintage Race Car / "Period Correct" / '60s' look with these super nice seat belts. This style was used in many competition cars during the 1960s including the 1965 and 1966 GT350 Shelby Mustangs.

The extra-wide 3-inch belt with quick release latch and a genuine Leather Protective Pad adds some extra safety over stock lap belts. Ends have holes just like original seat belts, so mounting is an easy bolt-in procedure with absolutely no modifications. Sold as an assembly. Each assembly will do one seat/one passenger.

- *Made in the USA, Part # ST-739 retails for \$64.95.*

**2011 V6 AXLE-BACK EXHAUST SYSTEM**

MRT announces its 2011 Mustang V6 Interceptor Axle-Back Exhaust System. The new system, designed, engineered, and manufactured at the MRT facility in Plymouth, MI, delivers improved exhaust flow with a performance sound, while maintaining fuel economy of the new, exciting 3.7L Mustang V6 engine.

The MRT 2011 Mustang V6 axle-back system is manufactured out of the highest quality 304 stainless steel tubing. Like all MRT axle-back exhaust systems, the new Mustang V6 system is an easy bolt-on, no drilling required installation.

Polished chrome exhaust tips come standard and add a beautiful, performance look to the Mustang V6.

**MUSTANG FEVER 1964 - 1966**

Bruegger Book & Media has released "Mustang Fever 1964 - 1966." Mustang Fever covers the 29 months when the first generation Mustang swept the new car marketplace like no other automobile had before or since. MCA member Walt Bruegger is the book's author.

Bruegger claims this is the first book on the original-series Mustang to tell, in detail, the fascinating month-by-month story as it unfolded through the 2-1/2 year period when Mustang buying fever swept America. As part of that unfolding chronology, all 49 Mustang ads from that period, including five that were hardly ever or never seen, are an integral part of Bruegger's book.

- *Mustang Fever contains 66 pages and is priced at \$35, which includes shipping. Send check or money order to the address below.*
