SHELBY INTRODUCES GTS

Shelby American introduced the new Shelby GTS post-title package for the 2011-2012 Ford Mustang at the New York International Auto Show. Available with either a V6 or V8, normally aspirated or supercharged.

"The V6 Mustang is a particularly good platform for the Shelby GTS," noted Shelby American vice president of operations Gary Patterson. "It's even lighter and more nimble than the GT. And the V6 Shelby GTS makes about as much horsepower as the V8 in the Ford Shelby GT, but with better fuel economy at a lower price."

The post-title package starts at \$9,995.00, not including the base car. Superchargers and other options are available that allow buyers to personalize their dream Shelby. A limited number of the Shelby GTS will be built with reservations starting April 21; production is scheduled to begin in the fourth quarter of 2011.

The 2012 Ford Shelby GTS post-title package includes:

- Ford Racing handling pack including new springs, tuned stabilizer bars and front strut tower brace

- Unique deep draw hood featuring classic Shelby design
- Black billet upper grill with Ford "Running Pony" emblem
- Unique Shelby front fascias
- Shelby LeMans stripes and side stripes
- "Shelby GTS" vehicle badges and official Shelby CSM interior plate
- "Powered by Ford" side badges
- "Shelby" lettering across the rear deck lid

Available options include:

- Shelby superchargers for both V8 and V6 models
- 6 piston Shelby / Baer Brakes
- Adjustable control arms
- 18" to 20" wheels and tire packages
- Watts link rear suspension

SHELBY CRUISER

Felt Bicycles, a global leader of innovative and state-of-the-art competition bicycles, is pleased to announce its new agreement with Carroll Shelby Licensing. Felt and Shelby Licensing have teamed up to design and develop a cruiser that pays homage to the iconic Shelby image. The Shelby Cruiser will be a limited edition offering and available worldwide.

"Carroll is known for his determination to succeed and his passion for performance," said Felt President Bill Duehring. "These attributes propelled Shelby to the pinnacle of auto racing and inspired a legion of fans. At Felt Bicycles, we share these same values and we are honored to be part of this project."

Felt designers worked hand-in-hand with the Shelby team to create a bike that exudes the Shelby image and culture.
