

Barillaro Speed Emporium

INCORPORATED

MUSCLE-Z-BAR FOR 1965-'66 MUSTANGS USING BORGESON POWER STEERING BOX

Barillaro Speed Emporium's new addition to the Muscle-Z-Bar line allows the use of the Borgeson Power Steering box with a manual transmission. The kit uses all of the stock Ford pivot points but allows the needed clearance for the hoses on the power box. The kit comes with all of the linkage rods, mounting hardware, and instructions. This is a direct bolt in part that uses spherical bearings and spherical rod ends for a

high quality mechanical linkage. Made in the USA.

- Part# MB2001BPS for 1965-'66 Mustang 260, 289, 302 retails for \$299.95.

NEW 1965-'66 MUSTANG CLUTCH SAFETY SWITCH

Have you ever taken your car into the shop and worried that the mechanic might start your car in gear? All late model cars with manual transmissions require the driver to depress the clutch to start the car. Now you can have this added safety feature for your 1965-'66 Mustang in a direct-bolt-in kit with Barillaro Speed Emporium's new classic Mustang Clutch Safety Switch kit.

The kit uses an original mounting hole on the pedal support and installs with basic hand tools.

Kit includes the mounting bracket, switch, solder less terminals, and wiring instructions. Our kit for 1967-'70 Mustang, and Cougar kits coming soon. Made in the USA.

- Part # CSS2001 for 1965-1966 Mustangs retails for \$39.95.

MEGUIAR'S® LONG-LASTING TIRE CARE

As part of its 2011 product line-up, Meguiar's® extended its popular Endurance gel into spray and aerosol formulas—each providing premium long-lasting protection with a gloss and durability that lasts weeks, not just days.

Meguiar's® Endurance products offer the consumer high-gloss shine and durable tire dressing in the format they prefer. These products last through both rain and repeated washing with an all-new formula that bonds directly to the tire. After application, the new Meguiar's® Endurance aerosol and spray products are dry to the touch in just minutes.

Meguiar's® Endurance products carry the same iconic grape scent they are known for, while maintaining the ultimate durability in tire care.

Meguiar's® car care products can be found in your favorite auto parts store.

PERFORMANCE AUTOMATIC'S 2004R STREET SMART PACKAGE

Performance Automatic wants to Overdrive Your Ride with their "Guaranteed Forever" 2004R Street Smart Package. Dyno tested and ready to bolt in, this 2004R Stage 2 transmission is capable of handling up to 400 horsepower.

Expertly assembled using Alto Red Eagle clutches and bands, Performance Automatic adds in a rebuilt pump and modifies the valve body's shift characteristics. We finish it off with a deep aluminum pan with a drain. The PA20104, 2004R Street Smart Package includes our Stage 2 transmission, 22-2400 stall converter, new trans mount, throttle cable kit, dipstick and filler tube. Lifetime warranty included!

The 2004R fits easily into almost any Street Rod, Muscle Car or Resto Mod. This is a great upgrade from any turbo 350 and you get Overdrive. Smart, real smart.

Performance Automatic is the leader in performance transmission technology. Our expertise and innovative products have been recognized nationally. To find out more, please visit www.PerformanceAutomatic.com.
