

Unlock Your Car's Secrets!

With Marti Reports

News Flash!

Marti Reports are now available to owners of 1980 through 1986 Ford vehicles.

"We are pleased to offer our new, expanded Marti Reports for owners who desire to know about their Ford, Lincoln and Mercury vehicles in detail," stated Kevin Marti, Marti Auto Works President. "Later this summer we plan to offer even more reports for Ford vehicle owners up to 1993 and by the end of the year for newer models."

Marti Auto Works is the privileged licensee (#5012) to Ford Motor Company's entire production database for the 1967-1979 model years and can tell you everything about any Ford, Lincoln, or Mercury made in North America during those years.

- What color was your car? Easy.
- What rear axle ratio? Sure.
- What day was the car sold? Yeah, even that - and a whole lot more.

VIN reports are currently available for Ford, Lincoln and Mercury vehicles, made in North America from 1967 through 1979.
