THE 1980 GEORGIA REGIONAL GRAND NATIONALS

Owned by: ...
 Last summer I was riding down the highway outside of Birmingham, Alabama when I spotted this 1967 convertible. I'd been looking for a classic for my wife to drive. I knew that I had to have it, but it was more expensive than I wanted to pay. I bought it anyway!

Best Of Show

The man who owned it had purchased it from the original owner. He has it for years and drove it 300 miles. It was in great shape. The trunk had a spare tire and a first aid kit. The engine and transmission are original even though it has 27,000 miles on it. I put the original 289 cubic inch V8 back on it. I am just completing a set of custom wheels and new carpet, seats, and wheels. The car is a real beauty. I've also replaced all the weatherstripping.
