

# JOIN AUTOCREST REGISTRY TODAY

**to add more value to your car!**

**Q. What is the AutoCrest Registry exactly?**

- A. 1. It's a computerized registry designed to record, update and retrieve the history of any registered vehicle.  
 2. It's a beautiful customized, personalized label, created to a member's exact specifications.  
 3. It's a system whereby members can search the AutoCrest files for a particular type of vehicle they are interested in purchasing.

**Q. How will AutoCrest membership benefit me?**

A. AutoCrest membership will represent added dollars to those with the foresight to join today! After all, what's a thoroughbred animal worth without registered bloodlines? Your valuable car has a "bloodline", too, and the AutoCrest "Thoroughbred" Auto Registry will record and sustain that history, keeping it immediately available to you, its owner, and delivering its history as a computerized print-out at your command.

**Your registration, first-year membership and personalized AutoCrest label are yours for \$39.00, payable by check, Visa or Master Charge card. By return mail you will receive the special AutoCrest order forms necessary for us to complete your computerized registry and to create your custom Mylar label. Return the filled-in forms and allow 4 weeks for the delivery of your AutoCrest label.**

**Q. Can anyone join AutoCrest?**

A. Certainly! Anyone who has a collectible car, regardless of its current condition.

**Q. Can I remain anonymous and still register my car? This is very important to me.**

A. Absolutely! **AutoCrest will never disclose any information to anyone** about you or your registered vehicle. When an inquiry fitting your car's description is received, AutoCrest will notify you by mail. Then personal contact with the inquirer is up to you.

Perhaps you have already begun to see the unique AutoCrest labels on collector cars throughout the country. You may also have read the AutoCrest ads in Hemmings Motor News (February, pp 520-521; March, pp 958-959). If you're considering membership, the questions and answers here will help you to understand the real value and importance of joining AutoCrest today!

Please send me the special order forms which will register my car and create my custom label.
