

# HORSE SHOW

...rest of car show was in...  
 ...been entrant...  
 ...event. Among the entrants are a Chevy 350-powered 1940  
 Ford, a 1947 Ford Woody still undergoing restoration (which  
 was displayed disassembled), a 1952 BMW motorcycle with  
 side car used in war movies, a 1979 Trans Am, a 1978 280Z,  
 a Toyota Celica, a 1980 ZX (second of its kind), a custom  
 VW (the worst special...), a 1980...  
 ...Carlo, a first...  
 ...Karl...  
 ...that...  
 ...Friday...  
 ...to...  
 ...with...  
 ...and...  
 ...it...

1968 coupe owned by Patrick O'Connor of Radford, Virginia. This car was a surprise birthday gift for Pat's wife and is equipped with a 200 six-cylinder and an automatic. It has 88,660 miles and was the result of a full year's search for a collectible 'Stang.

*Want to show your horse? Send a black and white print (not a Polaroid!) and enough information to write a small caption to Mustang Times, P.O. Box 47262, Doraville, Georgia 30362. Bridles and/or saddles optional!*

Bill and Karl Cunningham, of Tullahoma, Tennessee, own this 1967 hardtop or coupe. They bought their first Mustang in February of 1976. They now have four — two 1967s, one 1965, and one 1966. (Your editor was glad to see this one in the mail because he's from Tullahoma. Let's hear it for roots!)

1969 Mach I owned by James and Elaine Dodson of Birmingham, Alabama. This car is equipped with a single exhaust and Jim asks that we point out that these cars did come with both single and dual exhausts. Most people, he says, think that they only came with duals.
