

Speaking of his son Eric's 1982 GT, Paul E. Ace of Stroudsburg, PA says, "I guess he outdone us all on this baby." The Ace Corral must be getting rather crowded, as the new baby brother snuggles up to Mr. Ace's 66 GT, son Ryan's 1972 Grande and Eric's 1969 MACH I, all seen in February and August issues.

*Eric's 1982 has all GT equipment, air conditioning, power steering, four speed, T-Roof, AM-FM cassette, extra black paint accent put on by dealer on Ace's order. John Smeltz of Stroud Ford, who has been ordering Mustangs for Aces going into the second generation, ordered the 1982 for Eric.*

## HORSE SHOW

Crowded, but not too crowded, evidently, as Mrs. Ace is shown eying a fully restored 1967 GT that she spotted on a Lancaster, PA Used Car lot during a fall camping trip. Mr. Ace is still wheeling and dealing on this one; we'll let you in on all the particulars if he buys it. "This belongs in the Ace Corral," says Mr. Ace who has promised to let Mrs. Ace drive it once in a while.
