

# COLLECTOR CAR INSURANCE

By Gordon R. Harrison, Publisher

MCA members should be aware that collector car insurance is available for some models at substantial savings over ordinary insurance policies. There are at least two companies (Condon and Shelly and American Collectors Insurance) writing collector car insurance for Mustangs (model years '64½ through '67) as collectible cars. General restrictions and conditions are as follows:

- 1) Hobby use — not driven over 2500 miles per year (additional mileage for special sponsored club tours or other similar unusual excess may be permissible but only upon prior authorization by the underwriters)
- 2) Be garaged, not carported

- 3) No operators under 25 years of age
- 4) Photo and documentation to prove declared value
- 5) Owner must be a participant in a car club

Should these restrictions and conditions be appropriate for your car(s), the cost of full coverage insurance is approximately one-half that of comparable ordinary available insurance. Multi-car discounts are also available.

Collectible Mustangs newer than 1967 can be insured on a stated amount policy at a higher rate than that available for the above models, but there is no special liability policy for these cars. For Mustang owners who qualify, the collector car insurance

policies are very attractive and perhaps offer superior coverage to ordinary insurance policies.

Check with your insurance agent on what is available to you and ask for and obtain competitive quotes.

The MCA is not an expert on insurance and does not promote or suggest any particular insurance underwriter or type of policy. Our objective is to provide information to best serve and assist the membership. These must be some MCA members who are experts on insurance and could share appropriate guidance, information and expertise with the membership. Let us hear from you.
