They are also available through many other Mustang vendors who carry Paddock Panels.

NEW PADDOCK PANELS

LARRY'S REPRO SHELBY TRI-Y

For those who seek the magic and performance of classic Shelby GT350, Larry's Mustang Parts announces an OEM Tri-Y style header for 1965-1966 260 and 289 V8s.

Not designed for Mustangs equipped with power steering, these headers offer more than OEM fit and quality. This exhaust header system provides increased performance and mileage through a unique exhaust extraction principal pioneered by Shelby for HP Mustangs.

Fashioned of the highest quality materials and produced for an exact fit to your Mustang, these headers come complete with all necessary installation hardware and benefit from improved manufacturing techniques unknown in the days of the GT350s.

This is but one of the thousands of parts offered in Larry's free 64 page, fully-illustrated catalog.

In California call (800) 858-6125 or (714) 871-6432. In the rest of the U.S., call (800) 854-0393.
