**OPEN 9-5 Mon.-Fri.; (9-2 Sat. Parts Only)**

**531 WAMBOLD ROAD SOUDERTON, PA 18964**

The Traction Master Monte Carlo bar is a leader to leader tie-in brace that significantly improves the rigidity of the Mustang's forward section. They are easily mounted using the original mounting holes in the car. Another Shelby part is used on the GT 350. Fits all Mustangs except for supercharged units.

6250 65-70 Straight bar \$20.00

6251 65-70 Curved bar top use with oval air cleaner \$30.00

**COBRA VALVE COVERS pr.**

6506 260, 289, 300 \$70.00 pr.

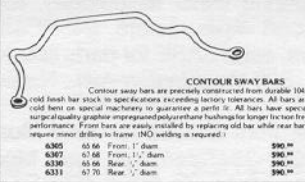

The legendary KONI shock absorber was standard equipment on every one of Shelby's creations. These unique shock absorbers feature adjustability and world renowned quality. So good they're patented!

6300 65-70 RH and LH front \$130.00

6302 71-73 RH and LH front \$130.00

6301 65-73 RH and LH rear \$130.00

**CONTOUR SWAY BARS**

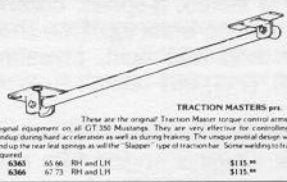

Contour sway bars are precisely constructed from double 1045 cold finish bar stock to specifications exceeding factory tolerances. All bars are cold bent on special machinery to guarantee a perfect fit. All bars have special top grade quality grabber end pre-painted ball joints for longer life and free performance. Front bars are easily installed by replacing old bar while rear bars require minor drilling to frame. (NO welding is required.)

6305 65-66 Front 1" diam \$90.00

6307 65-66 Front 1 1/2" diam \$90.00

6310 65-66 Rear 1" diam \$90.00

6311 65-70 Rear 1 1/2" diam \$90.00

**TRACTION MASTERS pr.**

These are the original Traction Master rear control arms were original equipment on all GT 350 Mustangs. They are very effective for controlling axle wand during hard acceleration as well as during braking. The unique metal design will not bend the rear knuckle assembly as will the "Slapper" type of traction bar. Some welding to frame is required.

6363 65-66 RH and LH \$115.00

6366 65-73 RH and LH \$115.00
