

# PRESIDENT'S COLUMN

It won't be long before a large group of Mustangs will converge on Dallas, Texas for our first ever Southwest National Show. This month there are two registration forms in the magazine, one for the Texas Show and the other for the Mid-South National Show in Memphis, Tennessee. I hope that everyone will plan early to attend these shows and lend your support to these two regional groups. Pre-registration helps these clubs to better plan their shows and meet their early financial obligations. Personally, I am looking forward to these first two shows of the year. Though not a National event, MCA's regional group in Pensacola, FL will hold its 5th Annual Show on April 14th. This show is always a lot of fun and a very good excuse to visit Florida for the weekend.

As you will find out this month, if you don't already know, March kicks off the 20th Anniversary Celebration for the Mustang. There has been quite a lot of discussion on this and we called Ford Motor Company some five months ago to see where they stood on the subject. Ford told us that they would not recognize the 20th Anniversary until 1985. Somewhere along the way they changed their mind, so I predict that this Anniversary will probably run through the fall of 1985.

This month we also have two new regional groups to welcome, the first is The Flood City Mustang Club in Johnstown, PA and second, The Bi-City Regional Group in Columbus, GA. Welcome aboard!

## All Regional Groups

The Regional Group Listing and Regional Group Directors will be updated in the May issue of the *Times*. If your group has not submitted your new officers to Headquarters, please do so by April 5.

## Notice to MCA Members

We have had several members upset because they did not receive their *Mustang Times* for the month their membership expired and they had paid their renewals. The reason for this is because your membership expires on the first day of the month shown on your membership card and mailing label. If you do not submit your renewal payment before the first of your expiration month, you will not receive you *Times*. By making your payment when you first receive your notice, you will not interrupt the receipt of your magazine, and it will save the Club money by not having to send out the second notices.

## CONGRATULATIONS!

To Bob and Teresa Vickery on the birth of their daughter, Veronica, on Friday, January 27, 1984.
