

## HORSE SHOW

This modified 1968 convertible is owned by Dan Reiter of Mountainside, New Jersey. Modifications include 1967 Shelby reproduction hood and rear, a 302 engine packed with high performance goodies, NHRA approved roll bar, and Acapulco blue paint.

Notice anything unusual about this black 1965 convertible? Yes, those are fender skirts. In fact they are rare NOS Foxcraft skirts. This out-of-the-ordinary beauty is owned by Sal Abruscato of Brentwood, New York.

Richard Pittman of Raleigh, North Carolina will be showing off his freshly restored Shelby this year. Since Richard has already received the Best of Show award at National shows for his 1966 fastback, his name will surely appear on the winners list once again.
