

I think I wrote about this subject a while back but apparently you weren't paying attention, so here goes again. Your National Director should play a big part in your group by keeping you advised on what happens at the National meetings and is your link with us. We send out samples of many of the items we sell to all National Directors for the groups to look at for fund raising projects. The MCA calendars and the 20th anniversary posters are the two latest mailings. In talking to some groups these items were never presented for consideration.

We make most of these items available at our cost so that the regional groups can double and sometimes triple their money by handling them. Therefore, it is certainly beneficial for each group to keep the National office informed of any changes in your regional group officers and their current address. If your Director doesn't keep your group informed, maybe it is time for a change.

Moving along, I am looking forward to seeing a lot of new faces at the National shows this year since they are spaced out a little more than in previous years. (I saw a lot of new faces in Dallas.)

Next, I want to welcome the two newest groups to the growing list of regional groups, the Oklahoma Mustang Club in Moore, Oklahoma and the Mohawk Valley Mustang Club in Utica, New York.

And last, the current T-shirt giveaway, membership drive that started in May will run through October 1st so everyone will have ample time to get a shirt or two. For more information see the MCA full page ad further back in the magazine.
