New from New Castle Battery is the reproduction Sta-ful Autolite battery that came as original equipment in all the Mustangs. This is a quality battery utilizing the latest technology in the original Autolite case. The battery comes with a four-year warranty and is a welcome addition to the ever growing line of reproduction parts. Bill Dillard, National Head Judge, has inspected this product and approved it for use in MCA-sponsored shows. For more information see their ad.

New from Gelsi's Mustang World is a complete line of interior paints; seven colors plus Ford blue for your engine and a semi-flat black for under the hood. Check with Gelsi's Mustang World for particular colors.

New from Salter's Classic Autos is a new trick for preserving your natural parts including exhaust parts; a natural metal paint that holds up very well on hood hinges, exhaust manifolds, and pipes and any place else that needs to be natural. We have seen some of this product on some show cars and it is very difficult to determine whether or not it is correct. Get yours from Salter's Classic Autos, 235 Spruce Street, Pace, FL 32570.
