

## NEW PRODUCTS

### WIDE-OVAL IS BACK

The Firestone Rubber Company has awarded Coker Tire of Chattanooga, Tennessee exclusive marketing rights to the FIRESTONE SUPER-SPORT WIDE OVAL. Coker Tire, long a leader in the antique and vintage car tire market, is widening its base to supply original equipment tires for the hi-performance cars of the muscle car era.

The FIRESTONE SUPER-SPORT WIDE OVAL made hi-performance history and the term WIDE OVAL generic for the ultimate in muscle car rubber. These jewels of the hi-performance era, not available for over a decade, will be built here in the USA for maximum Quality and authenticity. The FIRESTONE SUPER-SPORT WIDE OVAL will be available, just as they were originally, with a 3/8-inch white or red pin stripe or with solid raised white letters.

The SUPER-SPORT WIDE OVAL was original equipment for many of the hi-performance cars from American Motors, Ford Chrysler, and General Motors during the muscle car era, 1967-1974. They will be available in D, E, F & G 70 x 14, F & G 70 x 15 and F & G 70 x 15.

The original Firestone molds are being placed in the factory now. Some reconditioning of these molds will be required to produce an authentic tire with modern standards, but Coker is hoping to have the tires available within a short few months.

For more information contact Coker Tire Company, 1317 Chestnut Street, Chattanooga, TN 37402 or call (615) 265-6368.

Products listed in NEW PRODUCTS are those which the *Mustang Times* Staff feel are of interest to Mustang Club of America members. All specifications or claims are supplied by the manufacturers or sellers, who bear responsibility for their accuracy.

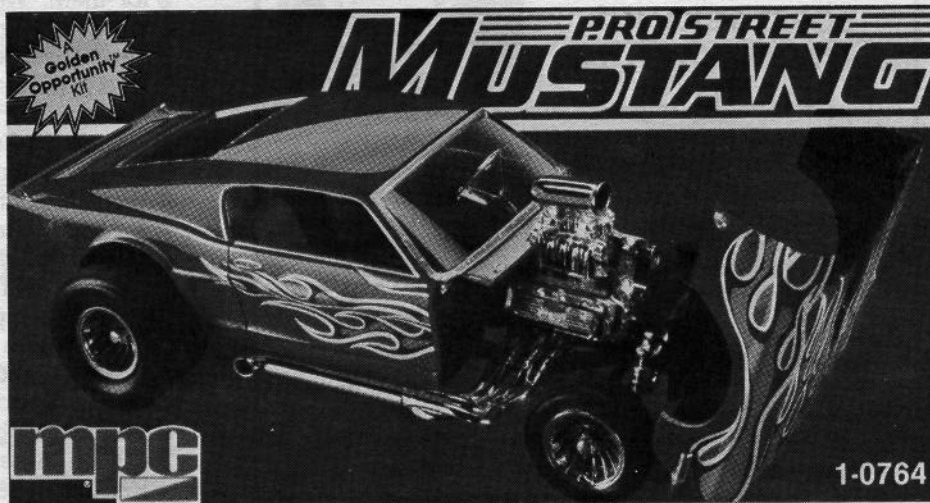

### SERVICE SPEC MANUALS

Ever need to know the primary and secondary wet fuel level setting for a Ford 9510 4V carburetor? What about the maximum valve push rod runout for a 260? Or the minimum slip ring turn down diameter on a Ford 42 Amp alternator?

Well, Am Ron Publishing has the answer to these and thousands of other service specification questions. Am Ron was given approval to reprint Ford Motor Company's 1965 thru 1973 Service Specification Manuals.

Priced at \$10.95 each, 1965 thru 1968 Manuals are now available, with 1969 thru 1973 soon to be released. For more information write to Am Ron Publishing, P.O. Box 1511, Hays, KS 67601.

### MUSTANG SOUND

Mustang Sound of Anaheim, California is dedicated to the preservation of originality (and good sound) in 1964½-73 Mustangs. Mustang Sound's AM-FM Cassette conversions feature "bracketing" to prevent the need for dash modification and wiring that plugs into the original looms where possible. For updated sound in your classic Mustang call Mustang Sound at (714) 535-1091.
