SEAL KIT

With fall and winter approaching, it is time to check your 1965 to 1968 classic Mustang for heater efficiency. If the system is not operating up to par, Larry's new internal heater gasket seal kit can help turn up the heat.

Like all products from Larry's, the internal heater gasket seal kit is made of the highest quality materials and is designed to replace OEM parts for fit and finish.

The internal heater gasket kit is available for 1965 and 1966 Mustangs and for the 1967 and 1968 Mustangs for only \$14.95 each.

In California, toll free (800) 858-6125 or (714) 871-6432. In the continental U.S., toll free (800) 854-0393. Get your free copy of Larry's new Mustang parts catalog by writing — Larry's, 511 South Raymond Ave., Fullerton, CA 92631.
